PUBLIC COMMENTS:

Scott Nordin presented preliminary plans for the fire station's 16 x 45 addition. After some discussion, there are some changes he needs to make. He will come up with a final plan, present it again and then we will start the bidding process.

Glen McMahon asked the board if it is possible to bring back fireworks on the Cloverleaf Lakes, he stated they would hire a professional organization to do this, not volunteers. Alvin Bartz said that this is not a town function and the town is not responsible. It was stated that the cost for putting on a fireworks show runs about 15 to 20 thousand dollars.

Steve Joosten asked if they would hire someone to do the fireworks would the town be ok. It was stated that the town would not oppose it. Dennis Thornton said that the lake Association is also not involved with the fireworks.

Scott Monroe asked if we could get a culvert put in between Pine and Grass Lake to promote walleye spawning. Tom Weniger stated that the DNR would have given the permit to do this in the past however Mr. Green had turned it down.

Dick Thurow said the water flow through the culvert needs to be fast enough for the walleye to spawn. Dennis Thornton mentioned that the Sportsman's Club may have checked into this already. Alvin said that if the DNR would approve this there is not a problem in putting the culvert in.
